AUGUST 11, 2017

2017 WATER MAIN UPGRADE PROJECT

CADIEUX – KERCHEVAL TO CHARLEVOIX

To date, all of the new water main pipe that could be installed by directional drilling has been completed. Next week the contractor will be working on the installation of the new water main across the Waterloo intersection, installing fire hydrants and testing the new water main. If everything continues to go well, we are anticipating that the new main will be connected to the existing system and services will be transferred during the week of 8/21 and pavement and grass restoration will occur during the week of 8/28 in order to complete the project before school starts on September 5th.

To assist the Contractor in completing the water main replacement in as little time as possible, do not park your vehicles on the street between the hours of 7:00 a.m. and 7:00 p.m.

During construction, mail delivery, rubbish pick-up and access for Emergency Vehicles will not be interrupted.

The City of Grosse Pointe wishes to apologize in advance of the impending construction for any inconvenience it may cause you and hopes, with your cooperation, to complete the construction in a timely manner. If you have any questions or concerns, please feel free to contact any of the following:

Contractor:	Bricco Excavating Company, LLC	(248) 547-6963
Engineer:	Anderson, Eckstein and Westrick, Inc	
	Charles Myslinski	(586) 726-1234
	Stephen Pangori	(586) 726-1234

Thank You.
