2017 WATER MAIN UPGRADE PROJECT

CADIEUX – KERCHEVAL TO CHARLEVOIX

The last test sample will be taken today and we are anticipating receiving passing test results on Saturday. The contractor starting replacing concrete on Cadieux yesterday and will be continuing today and Saturday. **Next week the contractor will be connecting the new main to the existing system at Kercheval and at Waterloo.** Once the connections are made they will begin transferring services. All the work between Kercheval and Waterloo is still expected to be completed by the end of next week. Work will continue between Waterloo and Charlevoix with the plan to complete that block soon after.

To assist the Contractor in completing the water main replacement in as little time as possible, do not park your vehicles on the street between the hours of 7:00 a.m. and 7:00 p.m.

During construction, mail delivery, rubbish pick-up and access for Emergency Vehicles will not be interrupted.

The City of Grosse Pointe wishes to apologize in advance of the impending construction for any inconvenience it may cause you and hopes, with your cooperation, to complete the construction in a timely manner. If you have any questions or concerns, please feel free to contact any of the following:
