

CONSTRUCTION UPDATE

SEPTEMBER 1, 2017

2017 WATER MAIN UPGRADE PROJECT

CADIEUX – KERCHEVAL TO CHARLEVOIX

The contractor finished connecting all of the services to the new main and made the final connection at Charlevoix yesterday. Today they plan on pouring as much concrete as they can but do not believe that they will be able to get all the concrete poured today. By the end of the day today, all work between Kercheval and Waterloo will be completed and two way traffic on that block of Cadieux will be restored. Next week the contractor will be completing the remainder of the concrete work between Waterloo and Charlevoix, placing topsoil and sod. We are anticipating that all of the restoration work will be completed and the entire road open to traffic by the end of next week.

The City of Grosse Pointe wishes to apologize in advance of the impending construction for any inconvenience it may cause you and hopes, with your cooperation, to complete the construction in a timely manner. If you have any questions or concerns, please feel free to contact any of the following:

Contractor: Bricco Excavating Company, LLC (248) 547-6963

Engineer: Anderson, Eckstein and Westrick, Inc
Charles Myslinski (586) 726-1234
Stephen Pangori (586) 726-1234

Thank You.
