

## **DTE GAS LINE WORK**

**SEPTEMBER 5, 2017**

### **GAS MAIN AND SERVICE CONNECTION UPGRADE PROJECT STARTS MONDAY**

DTE has notified the City that it plans to replace the gas line down the middle of the street on Kercheval Place starting on Monday, September 11, 2017. They will also be making new connections to the buildings. This is a part of DTE's City wide gas main and meter replacement program.

DTE has indicated that their work will require all of the parking spaces along the sidewalk to be closed during the daytime while the contractors are out there. They will maintain a lane of traffic on the southbound side to allow access to the parking lots. The work will take about a week. They will open up the street parking spaces, where possible, in the evenings. It will be difficult for deliveries to get through on Kercheval Place at times. Please communicate with your vendors to relocate deliveries onto the middle lane of Kercheval Avenue or along Notre Dame on the side of Village Grille.

The DTE contact for this project is Jeff Parks. He may be reached at [Jeffrey.t.parks@dteenergy.com](mailto:Jeffrey.t.parks@dteenergy.com) or (313) 605-1028.

### **KERCHEVAL PLACE RESURFACING MEETING (Sept. 20 @ 9 am)**

Additionally, toward the end of September or in October, the City of Grosse Pointe will be resurfacing the street, repairing curbs, creating concrete crosswalks on Kercheval Place mid-block and at Notre Dame and across to the parking structure, and adjusting or replacing catch basins and storms sewers. An informational meeting about how this project will be staged will be held at the Council Chambers at 17147 Maumee on **Wednesday, September 20, 2017 at 9:00 am.** All of the businesses on the block are encouraged to attend to find out more information about this project and ask questions.

The City of Grosse Pointe wishes to apologize in advance of the impending construction for any inconvenience it may cause you and hopes, with your cooperation, to complete the construction in a timely manner.

Thank You.
