

## CONSTRUCTION UPDATE

### FISHER ROAD STREETScape PROJECT

July 13, 2018

This week, Warren Contractors & Development, Inc. was able to complete the installation of all of the electrical conduits, the installation of the forms for the new street light bases and the excavation for the new aggregate base. Unfortunately DTE/Michcon did not start their work until Wednesday and they plan on working on Saturday and Monday to complete their work. Our contractor has lost 2 work days due to the DTE/Michcon delay in starting their work and the additional days it is taking them to completing it.

Next week Warren Contractors & Development, Inc. plans on installing sleeves for the new irrigation system, install the water service for the drinking fountain and the new irrigation system, pour the concrete for the light base, start placing stone base and final grading with the plan to begin placement of concrete the following week.

The City of Grosse Pointe wishes to apologize for any inconvenience it may cause you and hopes, with your cooperation, to complete the construction in a timely manner.

If you have any questions or concerns, please feel free to contact any of the following:

Contractor:	Warren Contractors & Development, Inc.	(586) 323-3350
Engineer:	Anderson, Eckstein and Westrick, Inc Stephen Pangori <a href="mailto:spangori@awinc.com">spangori@awinc.com</a>	(586) 726-1234 (586) 855-9551 (cell)
City Staff:	Pete Randazzo	(313) 806-2516 (cell)

Thank You.
