

## CONSTRUCTION UPDATE

### FISHER ROAD STREETScape PROJECT

July 20, 2018

This week, Warren Contractors & Development, Inc. was able to complete the installation of the sleeves for the new irrigation system, the installation of the water services for the drinking fountain and the new irrigation system and pour the concrete for the light pole bases.

Next week Warren Contractors & Development, Inc. plans on beginning to place the stone base and is anticipating that they will be starting to place concrete toward the end of next week. For those of you where your front door on Fisher Road is your only entrance, Warren Contractors will be working with you directly to minimize the disruption to the access to your business. The contractor also plans on milling the gutter line of Fisher Road next week in preparation for the new curb.

The City of Grosse Pointe wishes to apologize for any inconvenience it may cause you and hopes, with your cooperation, to complete the construction in a timely manner.

If you have any questions or concerns, please feel free to contact any of the following:

Contractor:	Warren Contractors & Development, Inc.	(586) 323-3350
