

CONSTRUCTION UPDATE

FISHER ROAD STREETScape PROJECT

July 27, 2018

This week, Warren Contractors & Development, Inc. was able to place much of the stone base and have formed up all of the exposed aggregate sidewalk in phase 1. Unfortunately there were issues with the concrete mix and the concrete pour that was scheduled for today had to be postponed until Monday.

Next week Warren Contractors & Development, Inc. plans on continuing to place the stone base, form and pour concrete. For those of you where your front door on Fisher Road is your only entrance or your driveway on Fisher Road is the only access to your parking lot, Warren Contractors will continue to work with you directly to minimize the disruption to the access to your business.

The City of Grosse Pointe wishes to apologize for any inconvenience it may cause you and hopes, with your cooperation, to complete the construction in a timely manner.
