

CONSTRUCTION UPDATE

FISHER ROAD STREETScape PROJECT

August 17, 2018

This week, Warren Contractors & Development, Inc. was able to complete the concrete work in the first phase of this project.

Next week Warren Contractors & Development, Inc. plans on installing the irrigation main line, installing signs and meter posts and placing the asphalt along the curb line of Fisher Road. Asphalt will also be placed in the trench along the curb from Extreme Pizza as a winter safety measure. We have been advised that the delivery of the new street lights are still 2 to 3 weeks out, as there is a three month lead time for the decorative ones ordered for this project. Since the power for the irrigation controller is being fed off the street light power, the completion of the irrigation system and the planting of the landscape material will not occur until after the street lights are completed.

The City of Grosse Pointe wishes to apologize for any inconvenience it may cause you and hopes, with your cooperation, to complete the construction in a timely manner.

If you have any questions or concerns, please feel free to contact any of the following:

Contractor:	Warren Contractors & Development, Inc.	(586) 323-3350
Engineer:	Anderson, Eckstein and Westrick, Inc Stephen Pangori spangori@awinc.com	(586) 726-1234 (586) 855-9551 (cell)
