

CONSTRUCTION UPDATE

August 16, 2019

2019 RESURFACING PROGRAM MAUMEE AVENUE - CADIEUX TO ST. CLAIR AND NEFF TO FISHER LINCOLN ROAD – JEFFERSON TO 400' NORTH OF MAUMEE

This week the contractor was able to complete the milling and has placed the first layer of asphalt. All of the new driveways have adequately cured and have been opened for your use. Today the contractor has started to adjust the manhole covers to the new asphalt grade.

Next week Florence plans on continuing to adjust the manholes on both Maumee and Lincoln. Once all of the manholes are adjusted, they will be placing the final layer of asphalt. As of today, they are not able to determine the exact date that this will take place but we are anticipating that it will occur toward the end of next week.

Please avoid parking on Maumee or Lincoln next week and make sure that your sprinkler system zone between the sidewalk and the curb is shut off.

The City of Grosse Pointe wishes to apologize for any inconvenience it may cause you and hopes, with your cooperation, to complete the construction in a timely manner.

If you have any questions or concerns, please feel free to contact any of the following:

Contractor: Florence Cement Company, Inc. (586) 997-2666

Engineer: Anderson, Eckstein and Westrick, Inc
Stephen Pangori spangori@awinc.com (586) 726-1234

Thank You.
