

CONSTRUCTION UPDATE

July 6, 2018

CHARLEVOIX RESURFACING NEFF TO FISHER

Florence Cement Company will complete the installation of the new storm sewer in the Washington intersection and excavated and placed stone at the University and Rivard intersections this week. Next week they plan on continuing excavating and placing stone at the Washington intersection and placing new curb and gutter at the University, Rivard and Washington intersections on Tuesday and Wednesday. Once the concrete curb and gutter cures, the first lift of asphalt will be placed on all 3 of these intersections and then they will be open to traffic. We are anticipating that this will occur early the week of July 16th.

The City of Grosse Pointe wishes to apologize for any inconvenience it may cause you and hopes, with your cooperation, to complete the construction in a timely manner.

If you have any questions or concerns, please feel free to contact any of the following:

Contractor: Florence Cement Company, Inc. (586) 997-2666

Engineer: Anderson, Eckstein and Westrick, Inc
Stephen Pangori spangori@awinc.com (586) 726-1234

Thank You.
