

CONSTRUCTION UPDATE

SEPTEMBER 8, 2017

2017 WATER MAIN UPGRADE PROJECT

WASHINGTON ROAD – CHALFONTE AVENUE TO WATERLOO STREET

The connections at Charlevoix and Waterloo that were planned for today have been postponed until Tuesday. These connections are anticipated to take most of the day. For those of you between Waterloo and Charlevoix, please be prepared to have your water off between 9am and 5pm on that day. We are not anticipating the need to shut the water off between Charlevoix and Chalfonte. The remainder of the week the contractor plans to continue preparing for the replacement of the concrete and lawn restoration.

If part of your driveway was removed or damaged by construction, it will be replaced. Please do not drive on your new drive approach until the tape and/or barricades in front of your driveway are removed. We are anticipating that the new concrete drive approaches will need between 4 to 7 days of cure time before they are strong enough to drive on. We will be monitoring the strength each day and plan to open the driveways as soon as they are safe to drive on.

The City of Grosse Pointe wishes to apologize in advance for any inconvenience this may cause you and hopes, with your cooperation, to complete the construction in a timely manner. If you have any questions or concerns, please feel free to contact any of the following:

Contractor:	Bricco Excavating Company, LLC	(248) 547-6963
Engineer:	Anderson, Eckstein and Westrick, Inc Stephen Pangori	(586) 726-1234

Thank You.
