

CONSTRUCTION UPDATE

SEPTEMBER 8, 2017

2017 WATER MAIN UPGRADE PROJECT

**WASHINGTON ROAD – ST. PAUL AVENUE TO MAUMEE AVENUE
MAUMEE AVENUE – WASHINGTON ROAD TO ROOSEVELT PLACE**

The contractor is planning to finish up the last service transfer and final connection today. Next week they will begin preparing for the replacement of the concrete sidewalks and driveways that were removed or damaged during the water main construction and begin the lawn restoration.

If part of your driveway was removed or damaged by construction, it will be replaced. Please do not drive on your new drive approach until the tape and/or barricades in front of your driveway are removed. We are anticipating that the new concrete drive approaches will need between 4 to 7 days of cure time before they are strong enough to drive on. We will be monitoring the strength each day and plan to open the driveways as soon as they are safe to drive on.

The City of Grosse Pointe wishes to apologize in advance of the impending construction for any inconvenience it may cause you and hopes, with your cooperation, to complete the construction in a timely manner. If you have any questions or concerns, please feel free to contact any of the following:

Contractor:	Bricco Excavating Company, LLC	(248) 547-6963
Engineer:	Anderson, Eckstein and Westrick, Inc Stephen Pangori	(586) 726-1234

Thank You.
