NOTRE DAME RESURFACING KERCHEVAL TO WATERLOO

This week the contractor was able to complete the removal and replacing of the corners of the driveways. Please do not drive on the new concrete or remove the barrel that was placed over that area of your drive approach until it is removed by the contractor or City staff. We anticipate that this concrete will be cured enough to drive on by the middle of next week.

The City of Grosse Pointe wishes to apologize for any inconvenience this project may have caused you. The project is now complete with the exception of some minor punch list items and general clean-up. Please make sure that you notify Steve Pangori at 586-726-1234 if you are experiencing any problems with the repairs that were done to your irrigation system between the sidewalk and the curb.
