

CONSTRUCTION UPDATE

July 26, 2019

2019 RESURFACING PROGRAM MAUMEE AVENUE - CADIEUX TO ST. CLAIR AND NEFF TO FISHER LINCOLN ROAD – JEFFERSON TO 400' NORTH OF MAUMEE

In an effort to reduce the inconvenience of this project, all of the driveways that were removed on Maumee were temporarily filled with stone to allow access while the curb capping and driveways were replaced on Lincoln. As of yesterday, all of the curb capping and driveways on Lincoln were completed and the concrete is now curing. If you live on Lincoln and your drive approach was just replaced, please do not drive on your approach until the barricades in front of your driveway are removed by the contractor. We anticipate that the concrete will be cured enough that it can be driven on by the middle of next week.

Today the contractor will continue forming for the new curbs on Maumee. This work will continue into next week. Once the curbs on Maumee are complete, the drive approaches will then be replaced. You will be notified by the contractor when to remove your vehicle(s) from your driveway.

The City of Grosse Pointe wishes to apologize for any inconvenience it may cause you and hopes, with your cooperation, to complete the construction in a timely manner.

If you have any questions or concerns, please feel free to contact any of the following:

Contractor: Florence Cement Company, Inc. (586) 997-2666

Engineer: Anderson, Eckstein and Westrick, Inc
Stephen Pangori spangori@awinc.com (586) 726-1234

Thank You.
