

## **CONSTRUCTION UPDATE**

**August 2, 2019**

### **2019 RESURFACING PROGRAM MAUMEE AVENUE - CADIEUX TO ST. CLAIR AND NEFF TO FISHER LINCOLN ROAD – JEFFERSON TO 400' NORTH OF MAUMEE**

On Monday of this week, the new drive approaches on Lincoln cured enough so that they could be opened for use. During the remainder of this week, the contractor completed the majority of the curb capping on Maumee.

Starting tomorrow, the contractor will begin removing the temporary stone and preparing the driveway approaches on Maumee for new concrete. With a little help from Mother Nature, they hope to have all of the driveway approaches formed and poured by the end of next week. You will be notified by the contractor when to remove your vehicle(s) from your driveway.

Next week, DTE will also be completing a gas connection at the intersection of Notre Dame and Maumee and will then be replacing the concrete sidewalk ramps at that intersection.

The City of Grosse Pointe wishes to apologize for any inconvenience it may cause you and hopes, with your cooperation, to complete the construction in a timely manner.

If you have any questions or concerns, please feel free to contact any of the following:

Contractor: Florence Cement Company, Inc. (586) 997-2666

Engineer: Anderson, Eckstein and Westrick, Inc  
Stephen Pangori [spangori@awinc.com](mailto:spangori@awinc.com) (586) 726-1234

Thank You.
