

CONSTRUCTION UPDATE

August 9, 2019

2019 RESURFACING PROGRAM MAUMEE AVENUE - CADIEUX TO ST. CLAIR AND NEFF TO FISHER LINCOLN ROAD – JEFFERSON TO 400' NORTH OF MAUMEE

By the end of the day today, all of the drive approaches, curb capping and courtesy walks will be poured on Maumee. We hope that the drive approaches on Maumee will be cured enough by Monday so that they can be opened. **Please do not drive on the recently poured drive approaches until the contractor removes the barricades.** Doing so may permanently damage your drive approach and will void the warrantee.

Starting tomorrow, the contractor will begin patching in the utility cuts on Maumee and Lincoln in preparation for the asphalt milling that is currently scheduled to take place next week on Monday and Tuesday. During the remainder of next week the contractor plans on conditioning the milled surface in preparation for the new asphalt surface.

Please avoid parking on Maumee or Lincoln next week and make sure that your sprinkler system zone between the sidewalk and the curb is shut off.

The City of Grosse Pointe wishes to apologize for any inconvenience it may cause you and hopes, with your cooperation, to complete the construction in a timely manner.

If you have any questions or concerns, please feel free to contact any of the following:

Contractor: Florence Cement Company, Inc. (586) 997-2666

Engineer: Anderson, Eckstein and Westrick, Inc
Stephen Pangori spangori@awinc.com (586) 726-1234

Thank You.
